

## **Cradle Quilts, Pillows and Mattresses!**

---

The Valley Oak Quilt Guild works in conjunction with the San Joaquin Woodworkers to make cradle-size quilts, mattresses and pillows. At Christmas time the woodworkers distribute the gifts to children.

### **Quilts:**

Quilts should be about 16" x 18" square. Use an extra block from one of your projects or start from scratch—it's a fun size project, doable in a day.

### **Mattresses:**

Finished dimensions are 5 1/2" x 15" to 16" long. Sew the longer sides, right sides together, turn right side out. Place the seam on the bottom and sew closed. Stuff lightly and sew closed.

### **Pillow:**

Finished at 5 1/2" x 4". Sew together using the mattress directions.

### **Stroller Seat:**

Finished at 6 1/2" wide x 9 1/2" long. Put 1/2" loops across each narrow end—big enough for a No. 2 pencil to pass through.

### **What to Do:**

When your project is finished, hand it in to the member of the Guild who is in charge of the project for the current year. Projects are accepted all year long.
